

TopSlide

Wardrobe sliding door system

Maximum door panel weight of 60kg.

Featuring runners highest quality components

Full technical support

Hassle free door solution

Soft close option

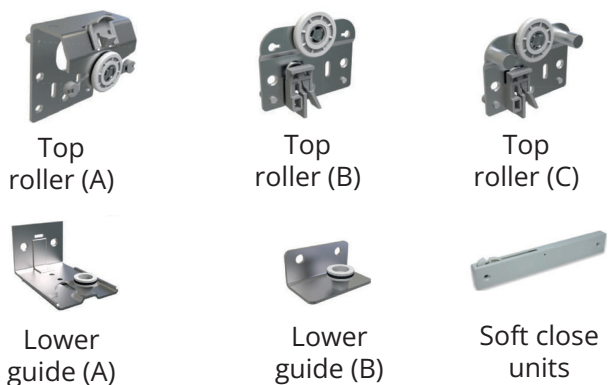

Suitable for interior applications

TopSlide is a top rolling system complete with bottom guides and guide channel to keep the doors in position.

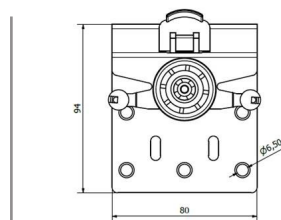

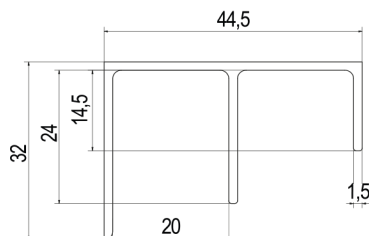

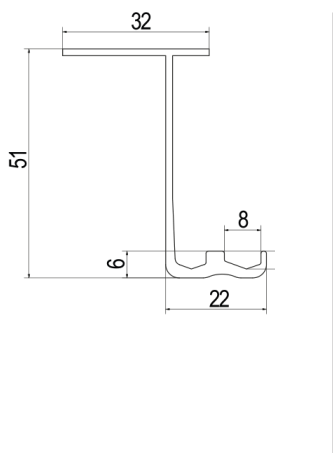

The track and mechanisms are hidden behind overlay doors. With its high weight capacity of 60kg per panel and soft close option the TopSlide is a modern, sleek sliding solution. TopSlide is a double track, bypassing system enabling multiple doors to slide behind each other.

TopSlide Components
